

TURNDOWN

PORCELAIN POOL COPING

At QDI Surfaces, we offer the **largest porcelain paver selections** readily available in the U.S., that can transform any outdoor living space. We now have the ability to offer **over 30 different porcelain pavers** in a 90 degree, mitered **"turn-down edge"**. These beautiful edge treatments can be done in virtually any size, typically 2" to 5" dropdown, and can be used as **pool copings, wall caps, stair treads** and more. We offer many colors and a variety of simulated looks including **natural stone, cement look, slate, travertine** and **wood plank**. All of our porcelain pavers would be great for any outdoor applications. These stunning turndown porcelain pool coping pieces are **special order only**.
